

EDDIE DEEN'S Ranch AT DOWNTOWN DALLAS™

**PERFECT FOR
CONVENTION
GROUPS!**

If you are visiting Dallas for business or fun, our event space is located within walking distance of the Dallas Convention Center, Dallas Convention Center Hotel, DART train line, and many cultural hotspots in downtown Dallas! The Ranch is perfect for Texas-themed parties, luncheons, and gatherings for networking, training or simply having fun. If you're looking beyond a Texas experience; we also offer an Uptown lounge experience at our industrial, modern venue, Edison's Dallas, located only a few blocks from the Ranch location.

We make hosting events easy, with event specialists on staff to help you with entertainment options, nationally known Eddie Deen catering (don't forget our signature BBQ sauce), and most importantly peace of mind. With downtown Dallas as our backdrop, we are excited to see the addition to Dallas' skyline with the 23-story Dallas Convention Center OMNI Hotel, scheduled to open November 11, 2011. The Dallas Convention Center is one of the largest convention spaces in the nation and this is an exciting time for our community. Our convenient locations along with an array of spectacular services allow us to set the perfect stage for your next special event.

TEXAS ATMOSPHERE
